Parent "Brag Sheet" for Private School Recommendations

Although students can set up an appointment to meet with their guidance counselor/administrator to discuss their strengths/weaknesses, accomplishments and goals as part of the private school application process, parents can provide additional insight about their child that can be extremely helpful to the guidance counselor/administrator. We hope you will use this sheet to better acquaint us with your son or daughter.

What do you consider to be your child's outstanding accomplishments during the past several years?

In what areas has your child shown the most growth and development in the last several years?

What do you consider to be his/her outstanding personal qualities?

If you could describe your son or daughter in five adjectives, what would they be?
