

If you graduated during the **2019-2020 SY (last school year) and were eligible for an IEP at the time of your graduation**, the Arlington Public Schools Special Education Department needs your help!

Now that you have been out in the world for a while, we want to hear how you are doing so we can make high school a better place for all our students.

The past year has been challenging in so many ways. If you tell us about your challenges and successes since high school, you will help us understand whether our schools are preparing students to be successful in adult life. You will help us think about how to do a better job supporting students who are in high school now.

Were you able to find a job?

Did you continue your education after high school?

Do you have suggestions for your former high school?

We'd love to know.
