How is our district doing overall?

<p style="text-align: center;">Accountability & assistance levels</p> <div style="border: 1px solid black; background-color: #90EE90; padding: 5px; display: inline-block; margin-bottom: 10px;">Level 2</div> <p>One or more schools in the district classified into Level 2</p> <p>Most schools are assigned a level from 1-5, with those meeting their proficiency gap-narrowing goals in Level 1 and the lowest performing in Levels 4 and 5. A district is typically assigned a level based on the level of its lowest performing school. Placing schools and districts into levels helps districts know which schools need more support, and helps the state know which districts need the most assistance. More information is available here: http://www.mass.gov/ese/accountability.</p>	<p style="text-align: center;">Overall progress in narrowing gaps</p> <p>Massachusetts aims to reduce proficiency gaps by half between 2011 and 2017.</p> <table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 60%;">All students</td> <td style="text-align: right;">Met Target</td> </tr> <tr> <td>High needs students</td> <td style="text-align: right;">Did Not Meet Target</td> </tr> <tr> <td>Economically disadvantaged</td> <td style="text-align: right;">-</td> </tr> <tr> <td>Students with disabilities</td> <td style="text-align: right;">Did Not Meet Target</td> </tr> <tr> <td>English language learners & former ELLs</td> <td style="text-align: right;">Did Not Meet Target</td> </tr> </table>	All students	Met Target	High needs students	Did Not Meet Target	Economically disadvantaged	-	Students with disabilities	Did Not Meet Target	English language learners & former ELLs	Did Not Meet Target

<p style="text-align: center;">District determination of need for special education technical assistance or intervention</p> <div style="border: 1px solid black; background-color: #90EE90; padding: 10px; display: inline-block; margin-bottom: 10px;">Meets Requirements-At Risk (MRAR)</div> <p>Districts, including single school districts, are assigned a determination of need for special education technical assistance or intervention. These determinations, which are typically based on the district's accountability and assistance level, range from <i>Meets Requirements - Provisional</i> (districts with insufficient data) to <i>Needs Substantial Intervention</i> (Level 5 districts). The determination, which also incorporates compliance measures, helps to identify whether the Department will require districts to take additional actions to support improved outcomes for all children, especially students with disabilities.</p>											

How does our district's achievement over time compare to the state?

The transitional Composite Performance Index (CPI) is a number from 1-100 that represents the extent to which all students are progressing toward proficiency in a given subject. When all students demonstrate proficiency on MCAS and/or PARCC tests, the CPI will be 100. Our district's transitional CPIs for 2013-2016 are below.

How does our district's growth compare to the state?

Transitional Student Growth Percentiles (SGPs) measure gains in student achievement from year to year. SGPs between 40 and 60 represent moderate growth. Our district's median SGPs for 2016 are below. (Note: Growth values are truncated.)
