

## Fifth Grade Mathematics Progress Report Benchmarks 2020-21 TERM 3

<p><b>Beginning:</b> Requires significant teacher support and/or cues  <b>Progressing:</b> Requires some teacher support or teacher prompting  <b>Meeting:</b> Meets all benchmarks  <b>Exceeding:</b> Meets level M and engages productively and independently with the offered extensions</p>	
<b>Progress Report Item</b>	<b>Term 3 Meeting</b> Consistently and independently...
<p><b>Perseverance</b>            Makes sense of problems that challenge the student and perseveres at solving them</p>	<ul style="list-style-type: none"> <li><input type="checkbox"/> spends time making sense of the problem</li> <li><input type="checkbox"/> checks understanding while working on the problem</li> <li><input type="checkbox"/> willing to try more than one strategy when needed</li> <li><input type="checkbox"/> judges whether an answer makes sense and is willing to go back when it doesn't.</li> </ul>
<p><b>Communication</b>            Communicates mathematical thinking clearly and precisely, orally and in writing</p>	<p>Uses mathematical language to accurately communicate understanding and reasoning</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> orally</li> <li><input type="checkbox"/> in writing (models, equations, labels, words)</li> </ul> <p>Listens and responds to the reasoning of others</p>
<p><b>Place Value Application</b></p>	<p>Unit 6:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Write, compare, and round decimals to thousandths.</li> </ul>
<p><b>Multiplication/ Division with properties, models, and strategies</b></p>	N/A
<p><b>Fractions</b></p>	<p>Unit 7:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Multiply fractions, mixed numbers, and whole numbers.</li> <li><input type="checkbox"/> Compare the size of the factors and the size of the product and explain their relationship.</li> <li><input type="checkbox"/> Divide a unit fraction by a whole number and a whole number by a unit fraction.</li> </ul>
<p><b>Measurement &amp; Data</b></p>	<p>Unit 5:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Use tables to record ordered pairs and construct coordinate graphs to represent the relationship between x-coordinates and y-coordinates.</li> <li><input type="checkbox"/> Determine what values are represented by points on a coordinate grid</li> <li><input type="checkbox"/> Represent real world and mathematical problems by graphing points in the coordinate plane and interpret the graph in the context of the situation.</li> <li><input type="checkbox"/> Use tables and graphs to compare two situations governed by rules that generate numerical patterns.</li> </ul>
<p><b>Decimals</b></p>	<p>Unit 6:</p> <ul style="list-style-type: none"> <li><input type="checkbox"/> Add and subtract decimals</li> </ul>
<p><b>Geometry</b></p>	N/A
